

Aprendiendo Espanol

Queridos padres,

We are nearing the end of the school year, and the last week of Spanish classes will be the week of May 27-30. Time has gone by so quickly. I have had a wonderful time teaching Spanish to the Kindergarten and Pre-K classes.

Children have a gift for learning a second language. This is true due to the fact that they do not have the inhibitions that we adults have. They are always eager to try to say new words, and when they are interested, they repeat the same word many times.

The Kindergarten children

will be taking a Diccionario home at the end of the classes. This book is a compilation of the many lessons that we have had this school year. I hope that your child will save this workbook and look at it from time to time.

The Pre-K class has done some work pages that, you have probably seen. They have learned a lot of new vocabulary and I hope that they will remember some of the words when they comeback in the fall.

Thank you so much for your support. I hope to see you next school year.

Ms. Victoria~
